FOREWORD

No travel guide is perfect. Changing conditions, of course, contribute to this.

The listings in this Guide are carefully checked. Despite this, past experiences have shown this from the time we check to the time you use our guide, changes have been made. Therefore, may we emphasize that these listings are printed just as they are presented to us. We would like you to understand that the publishers cannot be responsible after this check has been made.

If you should experience unpleasant or unsatisfactory service at any of the places listed, you will do our fellow traveler a favor by reporting this place to us.

INFORMATION

In planning your trip or tour, secure a road map from your local service station for the trip you expect to take. Plan your trip from this map, noting the route and cities you expect to pass through. Then you can make note of the accommodations in these cities in case you might want to stop over. No maps are published in our guide as they would not be large enough for your convenience.

DON'T BE DISAPPOINTED — Make reservations in advance. State date of arrival, number of persons in your party adults or children and the number of single or double beds required. After confirmation of your reservation get rates and send one night's lodgings to be certain reservations are held.

★Denotes The Travelers' Green Book recommended Hotels, Motels, Tourist Homes, etc.
(Omission of ★ does not necessarily mean inferior accommodations.)

The publishers make every effort to assure the accuracy of the "Green Book" editorial information, and to maintain the high character of its advertising pages. We cannot however, accept responsibility for inaccuracies in editorial or advertising matter. Where rates are quoted, they are subject to change.

"JANUS"

By Novera C. Dashiell

Every age across recorded time, had its minority group pinioned in the talons of prejudice. Each race had its torch-bearers. History shows the rewards gained when a race made its own struggle against the ebb and flow of local and national passions. No one esteems freedom given or sought without it being earned. We have had our torch-bearers. We have them today. The future will not fail to give us leaders to sustain the priceless possession of racial freedom and dignity. 1960 has been quite an eventful year for Negroes in both domestic and foreign affairs. Our young people with their successful sit-in demonstrations have prodded the older generation to greater effort in the struggle for civic dignity. The emergence of the Africans in their drive for independence is attested to on the agenda of the United Nations and even the active participation of its armed forces.

"An anniversary is like a birthday. Both occasions tinged with expectant hopes and dreams." These were the opening words in the 1956 edition of the Green Book when we celebrated our 20th year of publication. In this budding year of 1961 we pause again to say with modest pride, we are celebrating our Silver Anniversary. Twenty-five years of continuous growth and realization of the aspirations of its founder and publisher Victor H. Green. We could not have attained our present status without the confidence and support of you, our subscribers and advertisers. We have come over a rocky terrain of obstacles and hurdles since 1936. Remember the years of the thirties and forties, when travel to and from any given point was an ordeal if you did not have a copy of the Green Book? Despite remembered disillusionments, we are proud that during these past twenty-five years we have served you well. From a scant ten pages to its present one hundred twenty eight pages of closely printed advertisements, displays and listings for your convenience. We are proud to state that the Green Book's appeal and use is not confined to the American Negro traveler only. Our foreign subscription lists cover such places as Canada, Mexico, West Indies, England and West Africa. The Green Book can now be purchased on certain newsstands in the city and Gimbel's department store.

With greater job opportunities, higher incomes and paid vacations, the Negro has come into his own. He is selective. He is no longer content to pay top prices for inferior accommodations and services. White owners of various establishments are now advertising in the Green Book. They have come to realize the enormous economic power of the Negro. Conversely, our business men must now raise and maintain higher standards to compete for our people's patronage. In the early years of the Green

Book, Mr. Green personally inspected many of the accommodations listed to see that proper services were offered as advertised. When he felt that they did not come up to par, he'd drop them from listings until at such time they met the standards required. He has also spoken before many Negro hotel associations giving the benefit of his experience with the traveling public. In our files we have hundreds of letters from people in all stations of life, expressing the need and use of the Guide. Many from professionals written on stationery of their particular business. The fact that these correspondents took time out from their busy lives to let us know, needless to say, have encouraged Mr. Green and his staff to grater efforts.

In this Silver Anniversary issue, we would like the pleasure of introducing the members of our Staff to you. During the past, they were only impersonally listed on the first fly-leaf of the Guide. We think it is our privilege for you to get to know us a bit more.

The founder and publisher, as you know, is Victor H. Green. His first partner, was George Smith now deceased. A brother, William H. Green later joined the firm and was with us until his death in 1945. In 1952 Victor H. Green retired from active participation as Editor, a post which his attractive and astute wife Alma D. Green now holds. At present Mr. Green acts only in an advisory capacity. Miss Evelyn Woolfolk, our first secretary until 1942, when she moved to Cleveland, Ohio. We are fortunate to have her back during the past year in the post of Advertising Correspondent. As in the case of Miss Woolfolk, it appears we were always able to fill the secretarial position with beautiful girls. Our second and present secretary, Miss Edith Greene, is the most charming and capable girl Friday. She came to the firm directly upon graduation from business school in 1949. Mrs. Novera Dashiell joined the staff in 1953 as Assistant Editor, writing all the material and commentary for the Guide. Also in the same year, Mrs. Dorothy Asch joined us as our Public Relation Representative. She has done a tremendously effective job for us publicity-wise. Altho she is the only non-Negro member of the staff, she works just as hard and her aims coincide with ours in the desire that the Green Book be the best available for the purpose it serves. There are many others who have assisted us during these twenty-five years, to them we offer grateful thanks and hope they will continue their aid in the succeeding yrs.

In the 1956 edition of the Green Book we promised that when trips to the moon were available, we would have recommended listings. Fantastic then wasn't it? Well . . . ? Our promise still stands. Of course it won't be that accommodations there will be restrictive. Just that as always, the Green Book lists ONLY the BEST places.

Take a tip from the truckers—

Carry at least three 15-minute fuzees in your car. If you stop at night by the roadside to change a tire — Light the fuzees, stick them in the ground about 100 feet away. Their red glare means danger, avoiding the risk of collision!

VACATION SECTION

VACATION . . . what a lovely picture the word itself can evoke. A seashore, mountain trail or trout stream, perhaps. So charming you can hardly wait for your vacation to arrive.

It goes without saying, you want to read "WELCOME" in the smiles of those that you visit. The lodgings of your choice is waiting for you after a long day's ride. This section is designed so that you might make your selection from the many VACATION RESORTS listed. Write to the resort of your choice to secure their rates, to see if you can be accommodated. Some resorts have folders which they will be glad to send you. Tell them that you saw their listing in the GREEN BOOK. This helps us to sell more ad space so that we can give you more information about their place.

Our advertisers are ready and willing to make your vacation the most enjoyable you have ever had. For complete confidence in making the best decisions . . . WHERE TO GO . . . WHERE TO STOP. We recommend that you make your reservations with the "Advertisers of THE TRAVELLERS' GREEN BOOK."

Thousands of Motorists are being killed each year on our roads.
PLEASE BE CAREFUL — Your loved ones would like to keep

HOW TO KEEP FROM GROWING OLD

Always race with locomotive to crossing. Engineers like it; it breaks the monotony of their jobs.

Always pass the car ahead on curves or turns. Don't use horn, it may unnerve the fellow and cause him to turn out too far.

Demand half the road — the middle half. Insist on your rights.

Always speed; it shows them you are a man of pep even tho an amateur driver.

Never stop, look or listen at railroad crossings. It consumes time.

Always lock your brakes when skidding. It makes the job more artistic.

In sloppy weather drive close to pedestrians. Dry cleaners appreciate this.

Never look around when you back up; there is never anything behind you.

Drive confidently, just as tho there were not eighteen million other cars in service.
